SUBJECT: Appreciation Letter

Dear Jared,

I'm writing this letter to express my appreciation to you for your cooperation during your time working on the BEQ P-1109/P-1113 project. This was a very challenging project and I really appreciated your cooperative attitude and timely responses throughout your involvement in the project.

The new BEQ P-1109 and P-1113 is a project we can all be proud of and you and your company were a big part of the overall team success.

Thanks again and I hope I'll have the opportunity to work with you again on another project in the near future.

Sincerely,

Rich Davies
